

Hampton Data Sheet

The Hampton provides exceptional comfort consisting of a single piece Seat with 33cm backrest – conforming to UEFA and FIFA guidelines.

The Hampton boasts fantastic durability thanks to several key features. The single piece design provides a hardness which delivers a long-lasting product at next-to-no maintenance. The Co Polymer polypropylene plastic includes anti-UV additive as standard, protecting colour from fading or sun damage.

Installation of this single piece is simpler than most, its double or triple fixing points make it suitable for even high levels of usage.

- Variable Seat Centre (500mm FIFA Recommended)
- 330mm Back Rest

Hampton Data Sheet

Built to Last, Event After Event: Crafted with high-quality UV polypropylene, the Hampton shrugs off daily wear and tear. Maintenance is as simple as wipe clean with a damp cloth

Single Piece Mould: Being moulded as a single piece, the Hampton is remarkably resilient to physical damage and serves as a great long term low replacement part.

Ready for Any Environment: Whether you're facing the elements or needing a specific seating configuration, the Hampton can take it all on. The seat and back are moulded with a recess for seat numbers. The Hampton is built to withstand anything your venue throws its way.

To Note:

Floor fixings are not included as these vary depending on the material, condition etc of where the seat is to be installed.

The seat **MUST** be fixed to a stable structure with appropriate fixings to be a useable seat.
