

# Lincoln Data Sheet

Mounted on a simple but sturdy metal underframe, the Lincoln offers an economical method of seating with a modern design.

Mild steel frames are of rigid construction and available in a choice of coatings. The polypropylene seat is available in a variety of colours. The one-piece moulding provides excellent strength and a smooth, low maintenance finish.

Please note – this product is now only available as replacement seats, as the frames are currently out of stock.

Available Colours:

## To Note:

Floor fixings are not included as these vary depending on the material, condition etc of where the seat is to be installed.

The seat **MUST** be fixed to a stable structure with appropriate fixings to be a useable seat.

These seats are available as replacements to existing frames, the frames are currently not available for new installations.
