

Teddy Data Sheet

The Teddy provides exceptional comfort consisting of a single piece Seat for a clean finish to any stadium.

The Teddy boasts fantastic durability thanks to several key features: The single piece design provides a hardness which delivers a long-lasting product at next-to-no maintenance. The Co Polymer polypropylene plastic includes anti-UV additive as standard, protecting colour from fading or sun damage.

Installation of this single piece is simpler than most, its double or triple fixing points make it suitable for even high levels of usage and provide anti-vandalism protection.

- Variable Seat Centre
- Easy Clean and Low Maintenance
- “Anti-vandalism” triple fixing
- Drainage cut for outdoor use

Teddy Data Sheet

Built to Last, Event After Event: Crafted with high-quality UV polypropylene, the Teddy shrugs off daily wear and tear. Maintenance is as simple as wipe clean with a damp cloth

Single Piece Mould: Being moulded as a single piece, the Teddy is remarkably resilient to physical damage and serves as a great long term/low replacement part.

Ready for Any Environment: Whether you're facing the elements or needing a specific seating configuration, the Teddy can take it all on. Long lasting in the sun and self-draining in the rain – whatever the weather – your spectators will enjoy comfort.

To Note:

The Teddy is not typically stocked and may only be available with a minimum order quantity. Please contact us for more information.

Floor fixings are not included as these vary depending on the material, condition etc of where the seat is to be installed.

The seat **MUST** be fixed to a stable structure with appropriate fixings to be a useable seat.
